**Crop Broadcast Treatment Instructions**

- **Agricultural Use Requirements**
  - Recommended for use on crop and non-crop areas where herbicide-resistant crops are grown.
  - Do not apply this product through any type of irrigation system or by aerial application.

**Crop Broadcast Treatment Instructions**

- **Application Instructions and Rates**
  - For broadcast applications, use a minimum spray volume of 60 gallons per acre.
  - Do not exceed 8 1/2 gallons of AvengerAG per acre per application.
