**IMPORTANT:** Read directions before applying. Store in a cool, dry place and use soon after opening.

**KEEP OUT OF REACH OF CHILDREN AND PETS.**

Jobe's Fertilizer Spikes for Roses are recommended for use on roses such as hybrid tea, Grandiflora, and Floribunda, and climbing roses.

Jobe's Fertilizer Spikes are specially designed to feed all varieties of roses where types of fertilizers, Jobe's spikes feed underground where they slowly release nutrients with no waste or chemical runoff. Do the right thing for your roses—Feed with Jobe's Fertilizer Spikes with Jobe's Biozome.

**AT THE ROOTS**

Jobe's® Fertilizer Spikes with Jobe's Biozome® are formulated to provide the essential nutrients roses need to grow and thrive. Jobe's Spikes are pre-measured, giving you plants just the right dosage of nutrients so you won't overfeed or burn them. Just hammer the spikes into the soil and Jobe's does the rest.

3-4	3
5-6	4
7	5

Climbing Roses: Use 1 Spike for each 2 feet of height.

**DIRECTIONS**

For best results, apply in early spring when new growth begins.  
 Water well before application.  
 Using a hammer and the plastic driving cap, drive spikes one to two inches below the ground surface, evenly spacing the spikes in a circle approximately 10" to 12" from the main stem. Apply fresh spikes every 8 weeks or as needed during the growing season.

**RECOMMENDED**

Made in the U.S.A.
