DIRECTIONS FOR USE

Easy to Apply by Hand or Broadcast Spreader. For

Best Results: Evenly spread one pound granular per 1,000 square feet of lawn, turf, or soil. Lightly water area for 30 minutes to work treatment into soil. **Repellex® Mole & Gopher** begins to repel pests immediately. Effects typically last 4-6 weeks. If damage persists, reapply treatment after 14 days and then every 4-6 weeks as needed. **To Protect During Winter:** Apply treatment in late Fall **before ground freezes**. Moles and other burrowing pests remain active all year round. Winter damage may not be visible when ground is covered with snow. **Note:** Pest activity may increase during the first 7 days of treatment as animals leave area. This indicates that the treatment is working! Granular is non-toxic and biodegradable.

Will safely decompose. Not intended for use on food or feed crops.

PRECAUTIONARY STATEMENTS:

KEEP OUT OF REACH OF CHILDREN

CAUTION: May cause eye and skin irritation. Wear eye protection and gloves. If contact with eyes occurs, immediately flush with water. Seek medical attention if symptoms persist. Not for Aquatic Use.
