

Use chart for # of wafers needed.

Pot sizes may vary

For 2.5 " Wafer (18-Wafer Tube)

Pot Size (in)	5	6	8	10
Wafer	1	3	6	14

For 3.5 " Bulb Wafer (Single Wafer)

Pot Size (in)	4	6	10
Wafer	1/2	1	2

**Use 1 to 1.5 cups of water per wafer.
Warm water speeds expansion.**

- 1. Seal holes in pot or place on saucer. Drop in wafer[s] & add water.**

- 2. After expansion, uncover holes; stir to aerate; & plant as usual.**

- 3. Get magical gardening results with stronger, healthier plants.**
