DIRECTIONS FOR USING LEONARD 14-4-6 CONTAINER TABLETS*

For proper use, Leonard Container Tablets must be placed on the surface of the container and be watered in repeatedly. After several waterings Tablets will begin to break down into particles which will disperse over time, allowing the bacteria in the media to begin to break down the nutrients into usable forms. The heavier the watering cycles the quicker the dispersal of the Tablet nutrients.

Application Rates:

Plants 3 Inch pot	Plants 4 Inch pot	Plants 6 Inch pot	Plants 1 Gal.	Plants 3 Gal.	Plants 5 Gal.
3 total grams	3-6 total grams	6-9 total grams	12-24 total grams	36-48 total grams	48-60 total grams

*Note: Use lower rates on plants recently fertilized with a slow release type fertilizer.
CAUTION: Harmful if swallowed-Do not ingest. Keep out of reach of children and pets.
