ASSEMBLY OF TOOLS

(See above)

A: FURROW PLOW

Place Furrow Plow in front of tool support slot. Put 3/8 x 2" carriage bolt (21) through square hole and through slot in tool support. Next put formed washer (19) over 3/8 x 2" carriage bolt (21) and tool support; fasten with 3/8 locknut (18).

B: HILLING PLOW

Place Hilling Plow in position shown above. Follow instructions from (A) above.

C: FIVE TINE

Assemble Five Tine as pictured above and fasten with two 5/16 x 1" bolts (13) and two 5/16 hex nuts (6). Next put 3/8 x 2" carriage bolt through rear of assembly and on through tool support, fasten with formed washer (19) and 3/8 locknut (18).

ASSEMBLAGE D'ACCESSOIRES

A: Charrue à sillons

Placez la charrue à sillons en avant du support à outils. Insérez un boulon 3/8 x 2" (21) à travers le trou carré à travers l'ouverture dans le support à outils. Placez la rondelle (19) par dessus le boulon 3/8 x 2" et support à outils. Serrez avec un écrou 3/8 (18).

B: Charrue pour les pentes

Placez la charrue à pentes en position. Suivez les directives pour la charrue à sillons.

C: Cinq dents

Assemblez l'outil à cinq dents avec 2 boulons 5/16 x 1" (13) et deux écrous hex 5/16 (6). Ensuite vissez un boulon 3/8 x 2" à travers l'arrière et à travers le support à outils. Serrez avec une rondelle (19) et un écrou 3/8 (18).
