SWISS-MADE CORDLESS PRUNING SHEARS

Reliability and performance are at the heart of the WILDHORN 32, our Swiss-made electric pruning shears. Whether using the Wildhorn 32 for intensive professional pruning in the field or to prune with ease around the garden, the Wildhorn 32 delivers a full day of work and comes with every accessory you need which stores easily in a heavy-duty carrying case. The quality and durability of its HSS blade, designed and manufactured by FELCO®, is unparalleled in sharpness and life. The Wildhorn 32 provides everything you need to make intensive pruning jobs easier than you could ever imagine.
