Glyphosate Herbicide
from AGRISEL USA INC.

**The Home & Garden, Turf
 Ornamental, Landscaper
 and All Around Total
 Vegetation Herbicide**

**75% Active Ingredient
 with Ammonium Sulfate**

Multi-Purpose Total Vegetation Weed Killer

Agrisel Gly-Pho-Sel Pro Dry 75 SG is a high quality, fast acting, systemic granular total vegetation weed killer. Sprayed on weeds and grasses, Pro Dry 75 SG starts working within hours, burning down and killing weeds and grasses on contact, roots and all. Pro Dry 75 SG gives fast total vegetation and weed control. Gly-Pho-Sel Pro Dry 75 SG can be used by homeowners, golf courses, landscapers, turf, ornamental, and non-crop markets. Highly concentrated with 75% glyphosate, dry surfactants, and ammonium sulfate for burndown; Gly-Pho-Sel Pro Dry 75 SG is highly concentrated and kills weeds fast and completely.

Key Product Benefits:

- Same active ingredient as our Gly-Pho-Sel Pro 41% but at a higher 75% concentration.
- Dehydrated Extruded Solid Granular that dissolves completely into solution. No clay residue to plug up spray nozzles for the applicator.
- 75% glyphosate and dry surfactants along with ammonium sulfate makes Gly-Pho-Sel Pro Dry 75 SG work fast and efficiently with visible burndown control in 1 – 2 days.
- Low use rate of 1.5 oz per gallon makes Gly-Pho-Sel Pro Dry 75 SG very economical to use.
- Tip and pour 5lb container makes Gly-Pho-Sel Pro Dry 75 SG easy to handle and easy to use.
