

Keep-It-Green Mat

DESCRIPTION

Tenax Keep-It-Green Mat is a heavy duty solution for ground and grass protection. Keep-It-Green is made of high density foam polyethylene that is lightweight and non-toxic. It can be used in commercial or residential applications where grass needs extra support and protection for healthy growth.

USES

- Ground protection mat to prevent wheel rutting
- Ground protection mat for use in grassy areas with high pedestrian or vehicle traffic
- Easy and quick installation and can be a permanent or temporary solution

BENEFITS

- Lightweight - easy to carry and handle
- UV stabilized - long lasting
- Promotes thick grass growth
- Reusable, recyclable and affordable
- Won't rust, rot or corrode
- Easy to install & non-toxic
- Keep-It-Green is nearly invisible once healthy grass has grown through mesh
