Section 4 First Aid Measures

Oral Exposure: Harmful liquid impregnated in rubber septum difficult to swallow. If active ingredient is swallowed, wash mouth with water provided person is conscious. Call a physician immediately.

Inhalation Exposure: Inhalation is difficult. If active ingredient is inhaled, remove to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen. Call a physician.

Dermal Exposure: May cause irritation from prolonged (days of continuous) direct exposure to devices as would occur if devices were carried in clothing. In case of direct, prolonged skin contact, flush with copious amounts of water for at least 15 minutes. Remove contaminated clothing and shoes. Call a physician.

Eye Exposure: Active ingredients irritating to eyes. In case of contact of devices with eyes, flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Call a physician.
