NET **50** lbs. | COVERS **4,356** sq.ft.  
**MUST USE AS DIRECTED.**

**1**  
**JUST ONE  
APPLICATION**  
feeds all season long!

# With HyR BRIX® Pasture Fertilizer:

- ✓ There are no grazing limitations after application.
- ✓ Optimizes forage growth, quality, & hardness.
- ✓ Enhances forage nutritional value.

We are a family farm that has been in business for over four generations. We found it impossible to find the quality of fertilizer we were looking for, so we made it our mission to create the best, nutrient packed fertilizer on the market.

HyR BRIX® Pasture Fertilizer is a unique blend of nutrients that animals need to maintain optimal health and production. If your pastures are deficient in nutrients, you may see the same deficiencies in your livestock. The nutrients that are critical to animals are the same required by plants for their growth, protection, reproduction, and survival. Helps improve soil biology!

## The difference is **RESULTS!**

**How to Apply:** Evenly apply one 50 lb. bag to 4,356 sq. ft. using 11.5 lbs. per 1,000 sq. ft. Approximate spreader settings are based on the following application rates; however, spreaders vary. Please see your spreader manual to determine the correct setting. Just one application feeds all season long. Best applied in spring, but can be applied at any time. No grazing restrictions. **MUST USE AS DIRECTED.**

NO Pesticides • NO Insecticides • NO Herbicides • NO GMO Ingredients • NO Fillers

Application Chart	
Area Size	Fertilizer Amount
1,000 sq. ft.	11.5 lbs.
4,356 sq. ft.	50 lbs.
1 acre	10 (50 lb.) bags
